

6G Internet – Voice Service Terms

These service terms apply to the provision and use of **our voice service** and form part of **and should be read in conjunction with our Residential Broadband and Voice Terms and Conditions**.

You will see that certain words in these terms and conditions are highlighted in **bold** to draw to **your** attention that the word has a special meaning. These special meanings can be found either in the glossary section at the end of **our** residential broadband and voice terms and conditions or in the glossary section of these service terms.

PLEASE NOTE THAT THE VOICE SERVICE DOES NOT SUPPORT SERVICES THAT ARE DEPENDENT UPON A LANDLINE, INCLUDING FIRE, SECURITY, CARE ALARMS AND TELEHEALTH SERVICES.

1. What is the voice service?

- 1.1 **Our voice service** is a voice over internet service (commonly referred to as VoIP), which allows **you** to make and receive **calls** from the **service address** over the internet without a landline using a **compatible handset**.
- 1.2 The **voice service** is intended to be used only in conjunction with **our broadband service** and is dependent upon an internet connection. The **voice service** will not work if there is a power cut at the **service address** or a failure of the **broadband service**. **You** should consider retaining a landline or having an alternative means of making calls that does not require power or an internet connection, for example a landline service or a mobile phone.
- 1.3 **You** can make **calls** to the Emergency Services (999) using the **voice service**. **We** will register your **service address** with Emergency Services so that they can identify the physical location from where a call to the Emergency Services is made using the **voice service**. However, the accuracy of this information is dependent upon **you** providing **us** with the full and correct details of the **service address** when **you** sign up for **voice service**.
- 1.4 If requested by **you**, **we** will try and port the telephone number **you** have used with a previous telephony service so it can be used with the **voice service**. However, this cannot be guaranteed. If **we** are unable to port **your** existing number, a new number will be issued to **you** for use with the **voice service**.
- 1.5 The **voice service** includes standard features, such as call waiting or call divert. Other optional features may attract an additional charge, details of which are set out in your **order confirmation** or the **price list**.

2. Call plans

- 2.1 Call plans allow **you** to make **calls** using the **voice service**, to certain numbers or locations or on certain days and/or during certain hours, either at discounted rates or at no additional charge. Details of our **call plans** can be found in the **price list**.
- 2.2 If **you** have ordered a **call plan**, the details of the **call plan** and the monthly charge will be set out in **your order confirmation**.
- 2.3 **You** can add a **call plan**, or change or cancel any existing **call plan** at any time, simply by contacting **us**.

3. What do you need to use the voice service?

- 3.1 To use the **voice service**, **you** must at all times, have an active **broadband service** from **us**.
 - 3.2 **We** do not provide **you** with a handset as part of the **voice service**. **You** are responsible for providing a **compatible handset**, which must be plugged into the back of **your** router. **We** cannot guarantee that the **voice service** will work with a router that is not provided by **us** as part of **our broadband service**.
- ### 4. What charges do I have to pay for using the voice service?
- 4.1 Incoming calls are free. Outgoing **calls** are charged in accordance with **our standard call tariffs** set out in the **price list**. The cost of each **call** is calculated based on the duration of the **call** (rounded up to the nearest 60 seconds). The **call** duration is then multiplied by the applicable rate as set out in **our standard call tariff**. Different rates apply, depending upon the destination of the **call**, the type of number, the day and the time of day the **call** is made. **Call charges** are rounded up to the nearest £0.01 and may be subject to a minimum **connection charge**.
 - 4.2 **Call plans** will be charged monthly in advance from the **start date**, at the rate set out in **your order confirmation**. **Calls** made to numbers and/or destinations covered by **your call plan**, will be charged the various rates set out in **your call plan**. **You** will not be charged for **calls** within any inclusive allowance that forms part of **your call plan**. Full details of **your call plan** (as detailed in **your order confirmation**) can be found in the **price list**. **Calls** that are made outside of your call plan will be charged in accordance with clause 4.1.
 - 4.3 **You** will be billed for any **call plan** monthly in advance from the **start date**. All other **call charges** are billed monthly in arrears.
 - 4.4 **Call charges** will be calculated solely based on **our** records except in the case of manifest error.
 - 4.5 **We** reserve the right to increase **our standard call tariffs** from time to time and will let **you** know about any tariff increases in writing.
 - 4.6 If **we** change **your call plan** to **your** detriment (other than for legal or regulatory reasons), **we** will let **you** know in writing within 30 days of the change coming into effect. **You** will be able to cancel **your call plan** before the change comes into effect without penalty.
 - 4.7 As an anti-fraud, credit control or any other appropriate measure or reason, **we** may set a call spend limit on **your** account, which may vary from time to time. Details of any limit are available upon request. If **you** exceed this limit, **we** reserve the right but are not obliged, to restrict or suspend part of or all of the **voice service** without any liability to **you**. **We** may also change **your** payment terms, including but not limited to requesting a pre-payment on account.
 - 4.8 **You** are responsible for all **call charges** incurred using the **voice service**. However, **we** will not hold **you** responsible for **call charges** resulting from any unauthorised use of **voice service** that is a direct result of **our** negligence or breach of these service terms or **our residential terms and conditions**.
 - 4.9 If **you** dispute any of the call charges in **your** bill, **you** must tell **us** within 14 days of the date of **your** bill, giving full reasons (preferably in writing), for the dispute. **You** must pay any undisputed call charges.

5. Your telephone number

- 5.1 If **we** provide **you** with a telephone number as part of the **voice service**, **you** understand that you will not own the telephone number and **you** agree not to sell or transfer any number provided to **you**.
- 5.2 Any telephone number **we** make available to **you** as part of the **voice service** is for private use only and not for use wholly or partly in connection with any business.
- 5.3 **We** reserve the right to change **your** telephone number at any time and without liability to **you** if **we** are required to do so to comply with any numbering conventions, regulations or applicable legislation, including any conditions or requirements of OFCOM.

6. Glossary of special meanings

“**broadband service**” means the broadband service described in **your order confirmation**;
